## MOBILITY

(US) 800-800-8586 | (CAN) 888-570-1113 | [pridemobility.com](http://pridemobility.com) |      

1. Pride<sup>®</sup> FDA Class II Medical Devices are designed to aid individuals with mobility impairments.
2. Varies with user weight, terrain type, battery amp- hour (AH), battery charge, battery condition and tire condition. This specification can be subject to a variance of (+ or -) 10%.
3. Varies with user weight, terrain type, battery amp- hour (AH), battery charge, battery condition and tire condition. This specification can be subject to a variance of (+ or -) 10%.
4. Due to manufacturing tolerances and continual product improvement, this specification can be subject to variance of + or - 3%.
5. Deep cycle (AGM or gel cell type recommended).
6. Tested in accordance with ANSI/RESNA, WC Vol 2, Section 4 and ISO 7176-4 standards. Results derived from theoretical calculations based on battery specifications and drive system performance. Test conducted at maximum weight capacity.
7. Battery weight may vary based on manufacturer.
8. Width of base (not including seat).
9. Does not account for anti-tip clearance.
10. At midframe.
11. Product is available exclusively to Authorized Pride Brick & Mortar Providers. No internet sales are permitted. Available in store only. Other conditions apply.
12. Does not meet airline requirements.
13. Transport of this item on commercial aircraft is subject to federal regulations and airline policy. Please consult your airline prior to your flight to ensure your item and its lithium ion battery are permitted.

NOTE: All specifications subject to change without notice.

The information contained herein is correct at the time of publication; we reserve the right to alter specifications without prior notice. Speed and range vary with user weight, terrain type, battery charge, battery condition and tire pressure. Due to manufacturing tolerances and continual product improvement, length, width, turning radius and ground clearance can be subject to variance of + or - 3%. Dimensions listed are for scooter only. Overall measurements will vary based on seating and accessory selections.

N/M: This product is not a medical device and is not intended to assist, treat, diagnose, or alleviate any medical condition or disability.

\*K0899 – power mobility device, not coded by DME PDAC.

\*\*Not all accessories are available for all products. Please speak with your Provider for details and availability.

HCPCS codes provided should not be considered as legal advice and do not guarantee reimbursement. DME providers are responsible for determining appropriate billing codes when submitting for insurance reimbursement.
